To Whom It May Concern

I am pleased to be able to write this letter of reference for Geoscan SRL. I have been impressed by their diligence and work ethic in a recent geophysics survey project we run. Our project was a success: on time, on budget and at high standards of quality.

Geoscan people are very professional in approach, consistent and results oriented. All difficulties encountered were solved timely.

We have included Geoscan on our preferred service providers list and I am therefore very pleased to be able to recommend them as excellent reliable service providers and experts in their field.

A handwritten signature in blue ink, appearing to read "Richard Dietrich", is written over a light blue horizontal line.
